The BIOP platform at the EPFL organizes an inaugurative symposium the 6th and 7th of september.

More information can be found here:

<http://biopsymposia.epfl.ch/>

On the 5th of september, the BIOP hosts the Swiss-Core Facility day, where all the Swiss imaging platforms meet and discuss news and issues in the field of microscopy. The CIF will be represented by Yannick KREMPP and Arnaud PARADIS and they will consequently be absent this day.

The CIF staff.
